2018 京都大學 Kyoto iUP 國際教育展の広報協力について

拝啓 初秋の候、ますますご壮健のこととお喜び申し上げます。

本学における日台学術交流の促進につきまして、ひとかたならぬご支援・ご協力を賜り厚く御礼申し上げます。関しまして、現在推進しております国際教育プログラム・Kyoto iUP (Kyoto University International Undergraduate Program) による台湾人留学生の受け入れについては、貴殿には大変お世話になっております。

改めまして、上述の Kyoto iUP の取組に加えて、本年 10 月に台北で実施する、2018 京都大學 Kyoto iUP 國際教育展について、貴殿に広報協力の便宜供与を頂きたく、ご連絡する次第です。

こちらは、日本台湾交流協会や台湾日本京都大学同窓会のご協力を得て、台湾在住の高校生及びその保護者を対象に、京都大学留学の魅力を発信する行事です。この機会に、できる限り多くの高校生に関心を持っていただくため、台湾現地の教育部より、行事を開催します台北に近い台湾北部の諸都市（台北市、新北市、桃園市、基隆市、新竹市、台中市等）の各高校に本行事を周知いただくよう、ご依頼頂けないでしょうか。

つきましては、ご多忙の折大変恐縮ではございますが、Kyoto iUP および 2018 京都大學 Kyoto iUP 國際教育展について、資料を添付させていただきますので、貴殿のご高配を賜れば幸甚です。

心地よい季節を迎えましたが、ご自愛のうえご活躍のほどお祈り申し上げます。 敬具

Comprehensive Support for International Student Life

KIZUNA

Student Lounge for Intercultural Exchange

Tutor system

Support with Study and Daily Life

International Service Office

Student Lounge Kizuna provides a number of facilities and activities for international students, including a reading room stocked with Japanese language-learning materials and an area for self-study. It holds monthly events that provide opportunities for interaction between international students, Japanese students, and faculty, such as opportunities to wear Japanese kimonos, practice traditional Japanese dance, or practice origami.

Tutors are graduate school students at the university who are assigned to assist international students and provide advice on all matters relating to university life. For example, your tutor will be there to assist you with various official procedures required by foreign residents of Japan, help you with using public transportation, help you register for classes, and show you how to use the campus facilities.

The International Service Office provides international students with information about visa requirements, and assists with visa applications, applications for university accommodation, and other aspects of daily life in Japan. The office is conveniently located in the same building as the international student dormitory, and is available to students during office hours.

Students wearing kimonos at a KIZUNA Event.

Kyoto is renowned throughout the world and within Japan as the country's cultural heartland, with a rich treasury of history and tradition. Approximately twenty UNESCO World Heritage Sites are located within Kyoto Prefecture. In addition to numerous temples, shrines and other cultural sites exemplify Japan's unique aesthetic sense. Students account for approximately ten percent of the Kyoto city's population, providing a vibrant, youthful counterpoint to its wealth of history and tradition. The city boasts a vibrant social scene replete with countless distinctive restaurants and cafés. Kyoto provides the perfect setting for all aspects of an enjoyable and productive student life.

Kyoto University International Houses

Kyoto iUP students are provided with accommodation in the university's international dormitory. The dormitory's clean, modern rooms include individual cooking, bathing, and toilet facilities, as well as a refrigerator, air conditioning, free Internet access, furniture, and bedding. The international house also has a communal area where students can interact and socialize.

Your Gateway to a Future Career in Japan!

KYOTO UNIVERSITY

International Undergraduate Program

KYOTO iUP

A Unique Opportunity for Undergraduate Study in Japan

- No Japanese language ability required at the outset
- Graduates earn a bachelor's degree in their chosen field of specialization
- Intensive Japanese language training provided throughout the program, with a curriculum designed to enable students to attain professional and academic-level proficiency
- Generous merit-based scholarship and other benefits
- Potential to progress to a Japan-related career or graduate studies

First Step

first 6 months

Preparatory Course

Intensive Japanese language and culture study, English-taught seminars in the natural and social sciences.

Second Step

1st year 2nd year

Liberal Arts Curriculum for Undergraduates

Liberal arts lectures and seminars conducted in English and Japanese for all major fields. There are currently approximately 265 liberal arts courses offered in English, Intermediate and advanced Japanese language classes.

The fast-track to becoming a Japanese-speaking specialist

Kyoto iUP provides students with all of the support and facilities they need to attain Japanese language proficiency quickly and effectively.

Before arrival in Japan:

- Access to the "Samidori" online Japanese learning system (<http://www.samidori.k.kyoto-u.ac.jp/>)

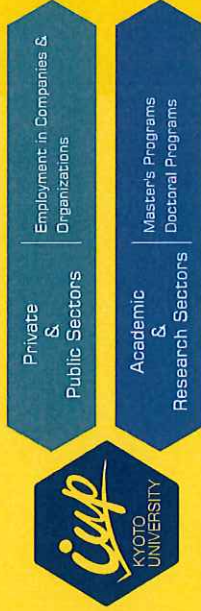

After arrival in Japan:

- Japanese language courses tailored to students' needs and current level of proficiency.
- Access to the Nihongo Study Room, where teaching assistants provide extra support for Japanese language learning.

International Undergraduate Program

After Graduation: Diverse Future Opportunities

Third Step

3rd year 4th year

Major Curriculum for Undergraduates

During the third and fourth years, students will focus on their chosen major field, with lectures and seminars provided mainly in Japanese. Classroom discussions, assignments, and other activities will also be undertaken in Japanese. Students will undertake internships at Japanese corporations and have opportunities to obtain additional professional qualifications.

Exciting career opportunities in Japan!
corporate employment?
academic sector?

Kyoto iUP's four-and-a-half-year program includes an internship component and other features offered in collaboration with the university's corporate partners to enable students to acquire a deep familiarity with Japan and its business practices and customs. Kyoto iUP is ideally suited to students interested in working in a Japan-related field, or pursuing a career at a company or academic institution in Japan.

International experience and broad career prospects

- A curriculum founded on Kyoto University's internationally renowned academic heritage.
- World-class facilities, resources, and amenities at your disposal.
- Opportunities to undertake a period of study abroad at one of the university's international partner institutions. (Approximately 850 partner institutions and research stations worldwide.)

- Jump-start your career development through internships and other work experience opportunities provided by the university's corporate partners.
- Excellent prospects for employment by a major Japanese company after graduation.

- Companies that recruited international students who graduated from Kyoto University include IBM, Nissan, Panasonic, Rakuten, KPMG Tax Corporation, and the JP Morgan Group.
